Company Information

Our Main products include:

1,Diesel engine parts (nozzle, plunger, delivery valve, head rotor, injector, fuel pump and other accessories).

2, Test bench (Injection pump,Common rail injector and pump,EUI,EUP,HEUI,Turbocharger...).

3, Auto tools ,common rail tools,EUI/EUP/HEUI tools.

4, Auto parts. 5, special vehicles. 6, Turbocharger.

7, Auto maintenance equipment, wheel repair, Auto cleaning and other equipment and accessories.....

Production process using advanced computer control and digital display systems, production technology, strong technical force . High quality, high technical performance, with micro-controller and digital functions. Products are sold more than 100 countries and regions of all world .

Our spirit is "excellent quality, excellent price, excellent service " three excellent operating principle of dedication to customer service, for the development of the internal combustion engine testing industry Chinese and abroad to make greater contributions.

Choose us, choose success.
